Kata kunci: Majelis Ta'lim Raudhatun Jannah, masyarakat, pengajaran agama, nilai-nilai moral

Abstract

This Ta'lim Council is an important forum for shaping the character and behavior of Muslims through religious teaching, strengthening moral values, and empowering women in religious education. Apart from that, the presence of this assembly also encourages the formation of a closer Islamic brotherhood and has a positive impact on people's daily lives. This community service activity illustrates how the Raudhatun Jannah Ta'lim Council contributes to forming a better and more harmonious community character through a religious and spiritual approach. The activity method used is the lecture method, with activity stages including, pre-implementation, implementation, post-implementation and evaluation. The activity was attended by 50 people located in Pamulang, Tangerang. The results of the activities include aspects of the importance of character for children, achieving a score of 87, which is considered good, the impact of counseling on children's character, which received a score of 70, which is considered adequate, changes in morals in children, received a score of 60, which is considered good, and improving social relationships received a score of 60, which is considered sufficient.
